

OSAZUWA bLESSING
Data Analyst
+358449167469 | Oulu, Finland

SUMMARY

Detail-oriented Data Analyst with knowledge of data analysis, data visualization, and business intelligence. Proficient in SQL, Excel, Power BI, Python, and Tableau. Skilled in cleaning, analyzing, and interpreting data to uncover insights and support data-driven decision-making. Eager to contribute analytical skills and grow within a collaborative team.

SKILLS

- Data Analysis & Visualization: SQL, Python, Microsoft Excel, Power BI, Tableau
- Databases: PostgreSQL, SQL Server, MySQL
- Productivity Tools: Microsoft Office Suite (Excel, Word, PowerPoint, Outlook)

RELEVANT PROJECTS

E-Commerce Sales Performance Dashboard | Microsoft Excel

- Cleaned and transformed sales data using Excel functions, PivotTables, and Power Query to improve data quality.
- Built an interactive dashboard featuring KPIs, sales trends, top-performing products, and regional performance.
- Applied formulas including XLOOKUP, IF, SUMIFS, and PivotTables to automate calculations and reporting.
- Delivered actionable insights that supported sales performance monitoring and business decision-making.

Startup KPI Performance Dashboard | Microsoft Power BI

- Designed an interactive Power BI dashboard to monitor startup performance using KPIs, revenue trends, and customer metrics.
- Developed DAX measures to calculate Total MRR, ARR, Active Customers, Churn Rate, Customer Acquisition Cost (CAC), and Customer Lifetime Value (LTV).
- Performed data modelling by creating relationships between tables and implementing a star schema for efficient analysis.
- Built interactive visualizations and slicers to enable dynamic exploration of revenue, customer growth, churn, and financial performance.

EDUCATION

Master's In Business Analytics
Oulu, Finland.
